Theme: Specifications for the General Health Insurance System

Dear colleagues,

We hereby inform you of the specifications that private speech pathologists who will contract with the General Health Insurance System (GHS) on December 1, 2020 must meet.

1. Waiting area

- Sofa – Chairs

2. Sanitary area

- Toilet – Sink

3. Speech Therapy Rooms

- Suitable examination and treatment area.
- Printer, scanner, copier.
- Electronic computer with software programs - a web browser application and a portable document file (PDF) reader application.
- Broadband internet connection (at least 5Mbps).
- Email account.
- Mobile phone from a Republic provider.
- Visible indication that you are contracted with the Organization to provide healthcare services within the framework of the system.
- Adequate means for the secure storage of files and other documents.
- System of air conditioning and lighting.
- Inscription with your name and specialty.
- Appropriate equipment, depending on the patient's age and profession or specialty.
- Data recording devices (e.g. tape recorder, stopwatch, camera).
- Standardised diagnostic reports and appropriate assessment and treatment tools.

4. Certificates

- Certificate of registration in the Registry of Speech Pathologists.
- Active member of the Association of Registered Speech Pathologists.
- Valid Professional License.
- Professional Liability Insurance.
- Social security number.
- Tax ID number (for Income Tax)
- Stamp.

Best regards,

Fofi Konstantinidou
President of SYEL
